The Military Law of Vermont.

To the Editor of The Caledonian :

In THE CALEDONIAN of Sept 17, I find an article headed "Field Officers of the New Regiments," in which the writer calls attention to a few provisions of the military law of the State. And now, sir, with due respect for the opinion of said author, suffer me also Barton, Irasburg, Sutton, Greensboro, etc. State militia law. At the last session of the my from the line of the Rappahannock river. Congress of the United States, "A bill was passed to amend the act calling forth the 'mi-danger since its service under Gen Pope. passed to amend the act calling forth the 'militia' to execute the laws of the Union, suplitia' to execute the press insurrections, and repel invasions. Approved Feb 28, 1795, and acts amendatory thereof, and for other purposes," extending the time of service of such militia to nine months, instead of three, as heretofore. In section one, of said bill, are these words, "If by reason of defects in existing laws, or, in the execution of them in the several States, or any of them, it shall be found necessary to provide for enrolling the militia and otherwise putting this act into execution, the President is authorized in such cases to make all necessary rules and regulations, &c." Again, in the order from the adjutant general of the U.S. at Washington to the governors of the States, it is ordered, "that where no provision is made by law in any State for carrying into Maj E. B. Title 2, § 13, of said act reads as follows: "The accomposed of the uniform companies raised ed into service, in case of war or invasion, or aid the civil officers in the execution of the laws of the State." It will be necessary here to bear in mird that our State militia is denominated the "active or uniform militia" and the "enrolled militia." Title 17, 8 254, of said law provides "In case of war, or to prevent invasion, the governor and commanderin-chief, is hereby authorized and required to order out, from time to time, for actual service, by draft or otherwise, as many of the militia (both "enrolled" and active) as the necessity of the case may require."

§ 256. "WI enever it shall be necessary to order out the militia, for actual service, or any part thereof, such order shall first be issued to the uniform militia. Afterwards such number of the enrolled militia as shall volunteer individually or by companies shall be

OFOLD FRIENDS IN THE RIGHT PLACE.

Tallahasse, Leon Co., Plorida, July 17, 186e. To Dr. Herrick, Albany, Y.-My Dear Doctor:-1 rite this to inform you one wonderful effect of you Sugar Coated Pills on my elder daughter. For three of the system, sadly impairing her health, which has been steadily failing during that period. When in New York in April last, a friend advised me to test your Pills. Having the fullest confidence in the judgment of my friend, I distained a supply of Messis. Barnes & Park, Druggists. Park Row, New York. On returning home, we ceased

all other treatment, and administered your Pills, one each night. The improvement in her feelings, complex ion, digestion etc., surprised us all. A rapid and perma-nent restoration to health has been the result. We used less than five boxes, and consider her entirely well. consider the above a just tribute to you as a Physician your Pilis as their family medicines.

1 remain, dear sir, with many thanks,
Your obedient servant, Herrick's Kid Strengthening Plasters cure in five hours pains and weakness of the breast, side and back, and Rheumatic Complaints in an equally short period of time. Spread on beautiful white lamb skin,

their use subjects the wearer to no inconvenience, and each one will wear from one week to three I Price 10 3-4 cents. Herrick's Sugar Coated Pills and and Kid Plasters are sold by Druggists and Merchants in all parts of the United States, Canadas and South America, and may be obtained DR. L. R. HERRICK & CO., Albany, N. Y. THE peculiar taint or

infection which we call Scroftla lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to

decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption: in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrotulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual anti-

dotes that medical science has discovered for

this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER's SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out

on any part of it. We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

CHERRY PECTORAL, The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done. Prepared by Dr. J. C. AYER & Co., Practical and Analytical Chemists.
